

HILLCREST ONE

At Hillcrest, we draw strength from our shared mission to solve homelessness and serve our communities. We are united in our dedication to addressing the needs of people from all walks of life, regardless of age, background, sexual orientation, religion, or circumstance.

For over forty years, Hillcrest has provided programs that promote understanding, goodwill, and cooperation between ALL people. We remain committed to these principles and will continue to move forward with a focus on celebrating differences while working toward peaceful, positive solutions that improve our community.

Hillcrest is committed to fostering a culture where every individual is valued, respected, and empowered to succeed. We believe in creating opportunities for all, ensuring that everyone, regardless of their differences, has the resources they need to thrive. By embracing a variety of perspectives, experiences, and talents, we aim to create a supportive environment where every voice is heard, and every contribution is appreciated. We are committed to breaking down barriers, ensuring fair treatment, and providing equal access to opportunities for all members of our staff and community.

Our goal is to cultivate a workplace that offers equal opportunities in an environment free from harassment and hostility. To achieve this, we will apply principles of fairness and empowerment, actively recruit, engage, develop, and retain individuals from all backgrounds, and work to advance the careers of underrepresented and marginalized employees. In serving our communities, Hillcrest is committed to fairness in policy formulation, the distribution of services, the implementation of resources, and the management of all activities that benefit our audiences.

We expect all managers, leaders, and employees to contribute to making Hillcrest a welcoming and united organization where everyone is empowered to make a difference.
